The Babylonian Star Lords

7 t/m 9 Mei 2010

Experience the transforming forces of the Magic of the ancient priest-astrologers of Chaldea and Babylon!

A intensive weekendworkshop in Star Magic

with Ina Custers-van Bergen

Hermetic Order of the Temple of Starlight
www.templeofstarlight.eu

In 2005, Ina Custers-van Bergen wrote the weekend magical workshop titled 'Babylonian Moon Magic'. The work consisted of a series of rituals designed to connect those taking part with the Journey of the Moon God Nanna-Sin through the Mansions of the Moon. The workshop proved to be an intense and powerful magical experience for all participants, and set in motion strong currents of magical energy on their Inner Levels. The Moon God as the reflector of the light of the Inner Sun revealed powerful energies in the participants' inner landscape and gave access to inner healing. This important work is to be continued:

The Babylonian Star Lords is a Temple Retreat where we will take the work achieved onto an even higher level. Once again you will meet the Moon God, but you will also absorb the powers of the other planetary lords and witness the birth of the Star Temples of the Zodiac.

Imagine yourself

- Performing Star Magic according to the ancient laws of the Babylonian stargazers.
- Being involved in ritual drama and re-enacting important ancient ceremonies such as the 'Myth of Creation'.
- Directing and mastering the powerful energies of the stars, and becoming the master of your own destiny.
- Experiencing ancient magic on a higher level than ever personally experienced before.

All this you will experience under the guidance of Ina Custers-van Bergen, a Third Degree Magister in the Mysteries. Ina is experienced in bringing archaic magic to life and specialized in helping people develop life-changing spiritual magical experiences and integrating them into their lives.

Become the Master of your Fate

The intention is to work with the ancient Babylonian Star Lords, and

- you will gain control over the archetypal currents who are part of the psychic makeup of every human being,
- you will become increasingly aware of the universal currents of consciousness who initiate new events into the tides of the time spirit on our planet,
- you will learn to pickup their wavelengths and learn to use their energies to your advantage instead of being ruled by them.

To achieve this, you need to realize a high degree of concentration, and you need to have a magical training and the ability to connect to these ancient gods beyond the level of role-playing. The workshop will challenge your magical abilities and propel you to higher areas magically, emotionally, intellectually and physically.

During the rituals the power became visible as green blue rays of light. The energy was very immense and intensely affected me. I felt the warm vibrating energy inside. Each time I find it astonishing that the experiences I have are not just only within but also physical. It is really tangible and visible. Meanwhile this holy space had been entirely filled with vibrating energy that even expanded outside the temple.

Preparing yourself for the event

As in the previous Temple Trainings you will be asked to prepare for the event by meditation and arranging a number of small magical implements to be used at the workshop. Bring black robes and slippers, a prayer statue, a silver star attached to a band of silver ribbon, wide enough to encircle your head and tie at the back. Bring also silver shoulder sashes and a lamen of a star constellation, as well as writing material.

Act now to ensure participation

This will be a profound magical and spiritual experience. If you missed out on the previous 'Moon Magic' workshop you will not want to make the same mistake again. Make sure you sign up quickly to attend the 'Babylonian Starlords'.

Some of the parts will be assigned based on magical experience and the ability to support the work of the group and create a deep and powerful energy.

Given the profound experiences participants had at "Babylonian Moon Magic" in 2005, we expect this workshop to be oversubscribed.

Act now to ensure participation. Guarantee yourself a life-changing experience in a setting you will never forget. There are a limited number of places available, so book early to guarantee your place.

The closing date for applications is 15 April 2010, to allow time to allocate roles and personal preparation.
