HEKA! EGYPTIAN MAGIC

6 t/m 8 May 2011

"O you noble ones who are in the presence of Lord Atum, behold, I have come to you ... bow down and make your shoulders narrow! For I am a magician !"

**A intensive weekend of Temple Retreat in Egyptian Magic
with Ina Cüsters-van Bergen**

Hermetic Order of the Temple of Starlight
www.templeofstarlight.eu

In 2007, Ina Cüsters-van Bergen wrote the weekend-Temple Retreat titled 'Anubis, Guide through the Shamans Gate'. This intensive magical work consisted of a series of rituals, designed to connect those taking part with the Death, Resurrection and Ascension of Osiris. Anubis was our guide on this road of magical transformations. This workshop proved to be an intense and powerful magical experience for all participants, and set in motion strong currents of magical energy on their Inner Levels. Anubis as the Shaman's guide led us on a journey over the Shaman's paths of ancient Egypt, and taught us the secrets of the Phoenix of On. This workshop connected the participants to their Inner Sun and gave them access to inner healing. This important work is to be continued:

Heka! Egyptian Magic is a Temple Retreat where we will take the work achieved onto an even higher level. Once again you will meet the important Egyptian Gods, but now you will gain access to the important Secrets of Creation and the Magical Powers of the Word:

Imagine yourself

- Performing the spells of creation by which the Egyptian Magicians worked their magic.
- Being involved in ritual drama and re-enacting important ancient ceremonies such as the 'Myth of Creation'.
- Working with the Egyptian magical Bodies of Light.
- Experiencing ancient magic on a higher level than ever personally experienced before.

All this you will experience under the guidance of Ina Cüsters-van Bergen, a Third Degree Magister in the Mysteries. Ina is experienced in bringing archaic magic to life and specialized in helping people develop life-changing spiritual magical experiences and integrating them into their lives.

"To become a Magician"

you will work with ancient Egyptian myths and magical texts and

- You will work with the seven stages of transformation that are crucial to achieve effective and stable magical effects.
- You will pass the magical Tests of the Elements, that will open for you the doors to the Higher Contacts.
- You will learn to recite the Hekau – the magical words – and "Enchant the Heavens and the Earth, the Abyss, the Mountains and the Sea".
- You will work with a combination of Heka (human magic) and Achu (divine magic).

I recall the first time these intriguing chants were intoned during the opening ritual, which sent shivers up my spine and brought tears to my eyes. Chanting them yourself, or receive the power that is raised by the calls is an awesome experience, which is quite difficult to describe. To receive this energy is as if your entire being, the body included, starts to resonate with the multiple vibrations that this technique is generating. I myself have also intoned several calls, and interestingly I quickly felt 'someone' taking over my voice to intone the sometimes impossible sounds of the mantras. We all noticed how much energy is raised by this.

During this intensive weekend Temple Retreat you will practice advanced magical techniques in a beautiful decorated temple, and experience the beauty and the true Art of Magic. You will contact the ancient Egyptian Gods on both a personal and an archetypal level. This Temple Retreat will challenge your magical abilities and propel you to higher areas magically, emotionally, intellectually and physically.

Preparing yourself for the event

As in the previous Temple Trainings you will be asked to prepare for the event by meditation and arranging a number of small magical implements to be used at the workshop. Bring black robes and slippers, a red cord, and a terra cotta bowl, as well as writing material.

Act now to ensure participation

This will be a profound magical and spiritual experience. If you missed out on the previous 'Anubis, guide through the Shaman's Gate' Temple Retreat, you will not want to make the same mistake again. Make sure you sign up quickly to attend the 'Heka, Egyptian Magic'.

Some of the parts will be assigned based on magical experience and the ability to support the work of the group and create a deep and powerful energy.

Given the profound experiences participants had at previous 'Anubis, guide through the Shaman's Gate' in 2007, we expect this workshop to be oversubscribed.

Act now to ensure participation. Guarantee yourself a life-changing experience in a setting you will never forget. There are a limited number of places available, so book early to guarantee your place.

The closing date for applications is 15 April 2011, to allow time to allocate roles and personal preparation.
